Dear Bondholder:

We would like to thank you for your support and confidence in Rolling Meadows Nursing Home. An overwhelming majority of bondholders voted to approve the two actions recommended by management, and progress is being made to implement these measures.

On June 14, 2005, the Bank of New York finally transferred the trust funds to the new trustee, the Bank of Oklahoma. The owner believes that it has already developed a good working relationship with the Bank of Oklahoma and is confident that the Bank of Oklahoma will provide efficient and cost effective service to the Bondholders.

The July 1, 2005, interest payments on the bonds are to be sent out by the Bank of Oklahoma at the rate of 4.0% as provided in the Forbearance Agreement.

Efforts are underway to find alternate financing and/or to restructure the bond debt. It is still too early to determine what amount of debt can be financed or what the terms of any restructuring may be.

As of this writing, the Commonwealth of Pennsylvania has yet to finalize its budget. This creates uncertainty about the timing and amount of payments to be received from the state to compensate Rolling Meadows Nursing Home for services rendered to Medicaid beneficiaries. Payments from the state make up the majority of revenues for the Rolling Meadows Nursing Home. When the state budget is finalized and we are better able to forecast these payments, a better estimate of what financing can be obtained will be possible.
